Teaching Competence of Student -Teachers in relation to General, Emotional and Spiritual Intelligence

Ph.D. thesis submitted by Binderjit Kaur

In the Faculty of Education

Punjab University Chandigarh

The study is a systematic attempt to divulge the IQ, EQ, SQ and their dimensions as correlates of Teaching Competence of teacher trainees. It provides scientific basis to identify students that can become better teachers. It will help to make better input and the process of teaching-learning in secondary teacher education programme. It contributes generalizations and provides evidences for giving answers to relative contribution of IQ, EQ and SQ for the success of teaching process.
